Sponsorship Opportunities

The CERGE-EI Foundation will host its third annual international symposium on 5 December 2024 at the prestigious One Great George Street, London. This one-day event will:

- Build a greater understanding of conflict economics
- Provide analysis and commentary to assist institutional investors, multinational corporations, NGOs, and asset owners/managers to develop and manage their strategic priorities in an era of conflict, accounting for both the financial, market, and policy perspectives.

The symposium will feature keynote speeches and panel discussions with several of the world's leading economists and commentators, along with networking opportunities and a private reception for VIP guests.

The CERGE-EI Foundation is offering three tiers of sponsorship for companies, foundations, and partners. Proceeds will support our work with partner universities and students and the dissemination and knowledge exchange on this important and timely subject. Sponsorships will support our activities in Central and Eastern Europe, the Balkans, Central Asia, and the South Caucasus.

GOLD SPONSOR - £20,000

Sponsors at the £20,000 level will support a Named Fellowship for one student studying at CERGE-EI and receive the following benefits:
